Potential 2009 H2A Jobs in Michigan

Updated 6/24/2009

Several agricultural employers have submitted job orders that may result in them being granted permission to bring foreign “guestworkers” into the U.S. under the federal H2A program. To be approved to use H2A guestworkers, the employers have to attest that they have been unsuccessful in locating sufficient numbers of qualified U.S. applicants for the jobs, and that they will continue to keep the “H2A jobs” open to all qualified U.S. workers through the end of the designated recruitment period.

U.S. citizens and immigrants with work authorization have the right to apply for these jobs. If the employer finds enough qualified U.S. citizens or residents for the jobs, then they will not need to bring guestworkers into the U.S. The employer must provide free housing to any worker who is not from the local area. All jobs listed below offer 40 hours per week, unless otherwise noted.

All eligible workers, including migrant and seasonal farmworkers who apply for these jobs, have the legal right to the same terms and conditions that foreign guestworkers are promised. **These domestic workers can apply up until 30 days after the date of first need listed below.** Up until this date, employers must accept all referrals of eligible domestic workers referred by the state workforce agency, Michigan Works!

This means that domestic workers in the U.S. should receive the following benefits:

- Hourly wage as noted below in each job order
- Free and licensed housing if the worker does not live within commuting distance
- A guarantee that the employer will comply with all H2A program requirements
- Workers compensation insurance
- The cost of travel from the place of recruitment to the job site, after completing 50% of the contract period
- The cost of travel back home, after completing the contract period
- A record of the amount of work performed and amount paid, including deductions

Farmworker Legal Services will counsel H2A workers about their rights under their contracts, as well as advise U.S. workers who are not given a chance to obtain the H2A jobs that the law permits them to obtain.

Employer	City and County	Positions Available	Type of Work	Period of Employment	Recruitment Period Ends	Hourly Pay	Michigan Job Order Number
